

BNB KING

ABOUT THE PROJECT

1. WHAT DOES GETTING CROWNS RESULT INTO?

When getting crowns, you also get an everyday reward of 12% from locked BNB in the BNB KING smart contract. Remember that if you are getting crowns and already have a BNB reward, this reward will be reinvested automatically.

2. WHEN IS MY BNB RETURNED?

Not right away! Time is needed for crowns to help kings who are filling the treasury. Every day a part of the treasury is filled, giving you a BNB reward with the rate of 12% daily.

3. WHAT ARE MY FEES?

You pay a fee of 5% for marketing costs.

4. WHAT TIME IS THE BEST TO GET CROWNS?

Any time! You will begin with a return rate of 12% daily no matter when you get crowns.

5. HOW OFTEN IS IT RECOMMENDED TO REINVEST?

We recommend that you compound at least once a day.

6. HOW IS BNB KING SUSTAINABLE?

Just like any other crypto coin, BNB KING is provided with sustainability using continued community support. But there is a difference: there is no price to dump because there is no token. As long as BNB is in the contract, you will be getting rewards!

7. HOW DOES REFERRAL SYSTEM WORK?

After connecting your BSC wallet to the BNB KING website your referral address will appear at the bottom of the page. When a new user purchases crowns after clicking your personal referral link, the contract will instantly send a BNB value equal to 15% to your wallet. You also get a 15% reward when the user reinvests in Crowns. Be smart, use it to purchase Crowns and create passive income for yourself!

8. WHEN WAS THE LAUNCH OF BNB KING?

We launched 14.05.2022 15:00 UTC
